Hi Dan and Jason

As we are friends no NDA is necessary buddy!

I have attached the latest Investment deck on NENX / Hilo and 2yr financial forecasts.

Website: <https://nenx.com>

As I explained on the phone we have a really interesting opportunity that you can capitalise on, if we move quickly. To date £7.23m has been invested, and due to an interesting situation (with Epsilon) we could secure you guys a decent equity position and list the Company asap.

I have meetings all day in Madrid on Thursday. Any chance we could have a call before I fly tomorrow (late morning)?

Best, Jason

Jason and Jason,

Introduction email as promised.

So guys, as we know there's potential here for us to put something together surrounding the listing of Nenx and following on from the call just now with Jason (D), I think the best route is a quick intro call this **Thursday Morning circa 11AM CET / 10AM GMT**, to bring Jason S up to speed.

Following that, provided everyone is on the same page, let's aim to meet in London maybe Thursday of next week ? **(18th April)**.

Jason D, is there anything else you think we should have a look over in the interim ? (should you want us to sign an NDA etc that's no problem). Ive explained broadly our conversation we just had, but it's good to go over again on the thursday call, as naturally you'll explain things better !

Hope all is good and looking forward to our call Thursday.

Best
Dan
